

Picked up a pen hoping something might happen
before noon courtyard cafe workdays a voyage
weekends a bay I wanted to be the Proprietor
of a long dim exceptionally literate warren
a warm darkness suffused blooms of discrete
lumens - tea coloured or wan yellow glows,
sure absently contented layers of dust,
place of no disturbance for oft mustachioed
men who once or might have been something
horn rimmed glasses seedy tweedy jackets
kindly, limped, quiet amuseable erudite
reciters of things - I shelved their books
and kept their pens, knowing it was regular
they'd shuffle in to rest their arms on the
tattering orange velour divans of a not in-
iquitous ellipsi den... Called? A Shambles -
My name was Ethan

Chip, fragment, does wake is the **Estate/Gigabit Conversion-Storage Solution** Expensive?

Cjtep I'm Glad You Asked Me That Today Estate-Gigabit Conversion Mini-Storage

can be started as the fan-shaped cubic foot which is simple

Chip, some of our audience may have difficulty with the "cubic" foot

concept

Cjtep its true the cubic foot is difficult for internet users

to grasp, displacing volume as it does on all sides

Chip it will prearrange the infinite white space on the Internet

Cjtep you know I am not going to fall for that but there's always a roof

Chip where there's a roof there's a floor

Cjtep a possible infinitely transmissible floor

Chip There is from that place roof and falls and ten:00 bedspreads which

it will cut small in the place

Cjtep Separate that it splashed ellipsi

Chip yeah that splashed Ellipsi

Cjtep that part of the fun weightless scary elevator

Chip Fun ten:00 bedspreads which will cut that portion of the horrible elevator

Cjtep the daub of grease that leads to

Chip a careening skid - and Estate Gigabit Conversion can halt the process?

Chip O'keyo of oblomoka, heres the scenario that ten:00 bedspreads which will cut the shot of lubricant

Cjtep, How could I go wrong

Chip I ask you

Cjtep now that I under the stand why I could like to have my policy-holders of Gigabit-convertir-m?moire of field, how do I prepare?

Chip, well the only thing we can't do is charter your

Neptune Society Membership!

Cjtep gentle khil khil laugh, but all that only?

Chip evey remainder digitalement transmissible of your existence movement ten:00 bedspread -

can be surely recorded inside a liner cubic foot guaranteed export to the year 2525

Cjtep a Steel wire Cubic foot?

Chip a Cubic Foot of Steel wire

Cjtep its like Backing Yourself Up

Chip Cjtep, it is Backing Yourself Up

Cjtep the same movement reversed your comfort

Chip Cjtep and a movement reversed your comfort

Cjtep Guaranteed to Y2525

The chip comet and space garbage crash took out justly

Cjtep Is there room for the Whole Family?

Chip each guaranteed steel wire cubic foot of recovery of converted memory
parestate-gigabit comes with links!

Cjtep so each save where the property flag is reorganized by a bit in the steel wire cubic foot which it guarantees will come and ten:00 bedspreads which it will cut small

Chip just like that

We are going to the end of the white space on the Internet

Chocko

The pages, the pages...

The more we give them

The more they come back, I get it

Know what happens when you Paste the Ellipsi 19,341 document

30 times we get a million

We say we get a million

You said Sam had 20 million easy

He only had 8 the ellipsi relax me

.

Could the millions of ellipsi Sink the Web-log, Boss?

Chocko you know what I think about that
That the Deep Elipsi Millions Program is the only
Medically Proven

.
.
.
.
That's right, you could do a Million Ellipsi right here
tonight

Should we tell em what else Boss?

Do Tell Chocks

Some of the Ellipsi are Florescent Blue Links

I hate stealing things and fencing them. What kind of thing is it?

About 50 dollars

.
.
.

I could take something like that from the Municipality

..
.
.

.
.
.

Which is by some rights yours anyway

.

Pom hy chun roop ti di: Kathy Sullivan

What is this, some kind of

Continuous Journal?

The Old Man's preferred abbreviation:

Something like that

For a year or so

Aren't years or so great

Oh I could do anything for a year or so

I wish the Web-log could get some formal acknowledgement

As the Genial Inquisitiveness Capital of the World

We have had some nice Genial Inquisitives around here

Is it a desperate thing do you think?

Evidence I should be liked?

Like the exhibition wall festooned to say

Hey didn't I do that one good, and look at this?

No that's not it.

No problem presenting evidence to the contrary

What evidence to the contrary?

Lets look up Evince

I do so very hope Evince is a Word

We like Evinced things

I just wish that one Vince guy hadn't

Look we've known a lot of Vince's in our time

Nearly all of them sweethearts

Special human beings

You know what?

I'd like Vince Borrelli to find the Web-log someday

Googlemessageinabottleism, consider it done

Its Time now though, you know

Season for everythingism

Shatter ismatica

Out of the Chair Experiences

Think I'm ready...
